Product Backlog
Detective Dollar
12/05/2023

Incomplete Tasks:

1) As a user, I can input an income.

2) As a user, I can view my recurring expenses on a page.

3) As a user, I can edit my recurring expenses.

Backlog Ideas:

1) As a user, I can delete categories.

2) As a user, I can set a cap on how much money I want to spend for specific categories and will receive a notification when I max out

3) As a user, I will receive a notification when a bill is due, like a credit card bill or rent

4) As a user, I can use the what-if features to see how an expense will affect my spending goals

5) As a user, I will be able to log into the app with a username and password
